# Product Information

## Features and Benefits

- Cost-effective, retrofit solution to rejuvenate existing glass with the look of a premium glass finish
- Modernizes building architecture and helps to enhance property values
- Multiple frost/tint/design patterns create privacy while providing an elevated design aesthetic to the room
- Film designs still allow for maximum daylighting (natural light to permeate the room) for improved tenant wellness
- Sustainable films, select finishes with a non-PVC construction\*\*

## Common Applications

- Glass windows, doors, partitions, cabinets, showers, etc.
- Privacy Solutions

\*\*Only the following select Auravate Films are Non-PVC: Blue Sandstone, Dual Vapor Gradient, Ash Linen, and Fluted Deco. Please see the corresponding product data sheets and warranty for further details on product construction.
