

# Paint Protection Film Solutions Guide

Extreme Protection. Ultimate Performance.

FOR THE  OF CARS.

# Extreme Protection.

Science driven innovation has developed the strongest, most durable protection you can give your vehicle. Built with three essential layers, each Avery Dennison paint protection film is guaranteed to preserve perfect paintwork against extreme conditions.

## High-performance films for advanced protection.

Our high-performance films are constructed from enhanced polyurethane, and provide exceptional scratch resistance, self-healing, and supreme visual finishes, all while being virtually invisible.

### TOP-COAT LAYER

A beautiful first line of defense. Self-healing with a liquid gloss or matte finish.

### CORE LAYER

A strong and flexible foundation made of polyurethane that ensures a uniform look, and long-term impact resistance.

### ADHESIVE LAYER

Creates a secure and safe bond with your bodywork.

## PROTECTION YOU CAN TRUST

Built with advanced engineered layers, Avery Dennison® Paint Protection Films are developed to give you peace of mind for everyday vehicle usage. Our advanced protection preserves OEM paint finishes against daily environmental and road conditions such as stone chips, gravel, scratches, insects, bird droppings and road debris.

## ALWAYS LOOKING FACTORY NEW

A car in perfect condition has faultless paintwork. Avery Dennison PPF films create an advanced barrier between the elements and your car's precious paint, protecting it with superior stain resistance, and extreme durability against impacts and scratches, even self-healing so that your paint is always looking factory new.

## INSTALL WITH CONFIDENCE

Our next-generation films are designed to protect your vehicle's paint from extreme outdoor weathering conditions. Our commitment to quality reflects in our extensive durability coverage. This ensures that any manufacturing defect that affects the performance of our films will be covered under our durability coverage.
